JAPANESE GARDEN PLANTS and SUPPLIES

"Everything for Japanese Gardens"

Small Brothers

110 E. HUNTER AVE.

MAYWOOD, N. J.

"Everything for Building Japanese Gardens"

WE are pleased to present our price list to you on Plants and Fancy Pottery and Dishes, both domestic and imported.

We wish to impress upon you that we are direct importers of pottery and are as reasonable as overhead charges will permit. You save considerably in doing business with us. All things have not been listed that are carried in stock, but please bear in mind that we carry everything for Japanese Gardens, such as Succulents of all kinds, Fancy Pottery, Tuffa Rock, Cement, Pebbles, Japanese Figures, etc. All prices are quoted below.

We wish you to bear in mind, however, that unexpected demands or delayed shipments sometimes cause a temporary shortage of some items, which may be included in your order. In such case, we would appreciate your allowing us to use our discretion to substitute similar goods (unless otherwise instructed) in quality, design and price, for your benefit, rather having something to show than nothing at all.

We deliver in the Metropolitan district; outside shipments are F.O.B. Maywood, N. J. Our terms are C.O.D. Net Cash. Accounts who are rated, however, may open an account with us after paying cash for first order, and referring us to three trade references, preferably Pot Plant Growers.

We make every effort to please our customers and assure you we will give trial orders* our immediate attention.

Why not visit us, our greenhouses are located 1 block from Maywood R. R. Station, 1 mile from Hackensack, 12 miles from New York City.
Thanking you for past or future business,

Very truly yours,

SMALL BROTHERS
